Ihle Strumpf GmbH

Specialist manufacturers of medical textiles

ihle[®] manufactures socks, stockings and textiles for orthopaedic purposes.

All products combine long-term research, technical sophistication and precision manufacturing. A product only leaves our factory once it fully meets the patients requirements.

ihle[®]-Service:

Products can be re-ordered all time

*Due to the company's size, we can respond quickly from manufacturing to distribution, we can offer flexibility, in terms of the dynamics of the market, customers' demands or technical innovations. **ihle[®]** does have a very broad range of products of approximately 3.000 articles which are always available from stock.*

Prosthetic & Orthetic

Medical textiles for sensitive parts of the body

ihle® manufactures knitted fabrics that are suitable for every orthopaedic application in terms of fit, function and quality. Our products improve wearer comfort, enhance treatment effects and increase the acceptance of orthopaedic aids. They are immediately available from stock and can be ordered individually.

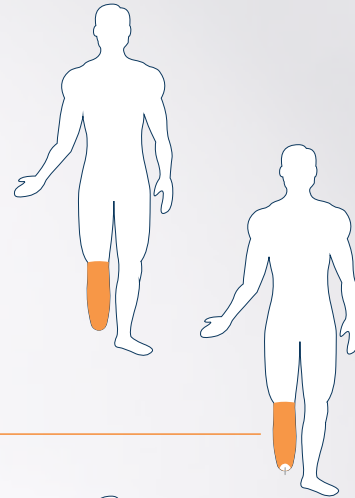

No pressure points

*Both after an amputation or during rehabilitation: whenever a prosthesis or orthosis is prescribed, the aim is to get back on your feet. At **ihle®**, we share the goal of helping your patients to be mobile and active with as little discomfort as possible. We do our best to achieve this: skin-friendly materials, high-quality yarns and lots of textile expertise.*

Because there is always room for improvement, we welcome any valuable feedback from orthopaedic technology or rehabilitation professionals.

BK Stump Sock Nylon, piece

seamless, very durable,
skin protection, hydrophobic, applicable directly on stumps skin

90 % Nylon, 10 % Elasthan  

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 50 cm

011
white

Article no.: 22 015

BK Stump Sock Silver, piece

seamless
skin protection, hydrophobic, antimicrobial

50 % Nylon, 43 % Nylon Silver coated, 7 % Elasthan  

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 50 cm

013
silver

Article no.: 23 000

BK Stump Sock Cotton plated, piece

seamless
skin protection, two layers of Nylon and cotton for better moisture wicking,
applicable directly on stumps skin

50 % Cotton, 40 % Nylon, 10 % Elasthan  

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 60 cm

021
nature

Article no.: 24 000

BK Stump Sock Cotton plated, piece

seamless
skin protection, two layers of Nylon and cotton for better moisture wicking,
applicable directly on stumps skin

60 % Cotton, 30 % Nylon, 10 % Elasthan   

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 50 cm

021
nature

Article no.: 24 001

BK Stump Sock Cotton classic, piece

seamless
skin protection, hydrophilic, applicable directly on stumps skin

80 % Cotton, 15 % Nylon, 5 % Elasthan   

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 45 cm

011
white

Article no.: 24 003

BK Stump Sock New Wool classic, piece

skin protection, very effective heat and moisture management, volume adaption in the socket, applicable directly on stumps skin

70 % New Wool, 30 % Nylon  

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 45 cm

021
nature

Article no.: 24 011

BK Stump Sock Cotton, piece

seamless
skin protection, hydrophilic, applicable directly on stumps skin

80 % Cotton, 15 % Nylon, 5 % Elasthan   

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 45 cm

011
white

Article no.: 25 000

BK Stump Sock Cotton Frottee (Terry), piece

seamless
skin protection, hydrophilic, volume adaption in the socket, applicable directly on stumps skin

85 % Cotton, 15 % Nylon  

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 40 cm

011
white

Article no.: 25 100

BK Stump Sock Cotton Frottee (Terry), piece

seamless
skin protection, hydrophilic, volume adaption in the socket, applicable directly on stumps skin

85 % Cotton, 15 % Nylon   

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 50 cm

011
white

Article no.: 25 103

BK Stump Sock Frottee (Terry) New Wool, piece

seamless
skin protection, very effective heat and moisture management, volume adaption in the socket, applicable directly on stumps skin

70 % New Wool, 30 % Nylon  

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 50 cm

021
nature

Article no.: 25 200

BK Stump Sock partial volume adaption, piece

seamless, proximal thick / distal thin
skin protection, hydrophilic, partial volume adaption in the socket, applicable directly on stumps skin, silicone hole reinforced distal hole for pin, noise-absorbing

90 % Cotton, 8 % Nylon, 2 % Elasthan   

length cm: 30, 35, 40, 45

circumference: up to 45 cm

011
white

Article no.: 25 300

BK Stump Sock partial volume adaption, piece

seamless, proximal thin / distal thick
skin protection, hydrophilic, partial volume adaption in the socket, applicable directly on stumps skin, silicone hole reinforced distal hole for pin, noise-absorbing

90 % Cotton, 8 % Nylon, 2 % Elasthan   

length cm: 30, 35, 40, 45

circumference: up to 45 cm

011
white

Article no.: 25 400

BK Stump Sock Cotton microplush, piece

seamless

skin protection, hydrophilic, very highly expandable, recommended for conical and deformed stumps, applicable directly on stumps skin

90 % Cotton, 8 % Nylon, 2 % Elasthan   

length cm: 25, 35, 45, 60

circumference: up to 70 cm

011
white

Article no.: 29 000

BK Stump Sock Cotton knee-ex, piece

seamless

skin protection, hydrophilic, applicable directly on stumps skin

100 % Cotton   

length cm: 20, 25, 30, 35, 40, 45, 50, 60

circumference: up to 60 cm

021
nature

Article no.: 29 100

BK Stump Sock Cotton flexible, piece

seamless

skin protection, hydrophilic, very highly expandable, recommended for conical and deformed stumps, applicable directly on stumps skin

Undergarments

Wearing comfort tailored to the body

Scoliosis or hip disarticulation: no matter which orthopaedic aid is being considered, the majority of patients lack the correct, sensible undergarment.

As complex as an individual's condition may be, wearing comfort has a positive effect on a person's acceptance of their life situation. With this knowledge, ihle® manufactures underwear for corrective corsets or prostheses for hip disarticulation:

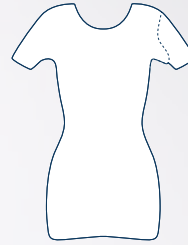

- *Corset shirts made from seamless knitwear that fit perfectly, breathe and retain their shape.*
- *Briefs that protect the surgical scars and fit snugly on the healthy leg.*

Feel-good knitwear for young and old

Keeping your patients comfortable: ihle® products work like a second skin. They are durable, elastic and have a temperature-regulating effect. A seamless fit, washability up to 60 degrees and dimensional stability are a part of the package.

Diabetes & problem foot

As comfortable as a second skin

Comfort at every step: **ihle**[®] diabetic socks have been specially developed as „underwear“ for orthopaedic shoes. The medical knitted fabric guarantees an optimum, comfortable fit and sufficient toe freedom. Selected materials and a specially developed cuff prevent inflammation, pressure points and injuries.

Comfort and protection in a wide range of colours

More and more people are wearing modern footwear that fulfils orthopaedic functionality and still looks good. Thanks to the ingenious knit and the choice of materials, the blood can circulate freely in the foot and leg. This is because **ihle**[®] diabetic stockings do not have any pinching seams or other areas that dig in. Our products are available in a particularly wide range of colours, in different fits (from narrow to lymphoedema) and also as socks for forefoot amputations (Chopart and Lisfranc).

ilo[®]-Socks

Simply good on foot

Functional socks and stockings have become an integral part of business and sport. They are reliable companions, score points with their intelligent materials and have a balancing effect on the foot climate. Based on the potential of diabetic socks, **ihle[®]** produces socks that are suitable for everyday use, can take virtually anything and fit perfectly thanks to the ribbed edge.

Great climate in every season

Cold feet are an absolute no-go: alpaka and virgin wool - these yarns promise comfort right down to the tips of your toes. All "**ilo[®]**-Socks" products mould easily to the foot, do not constrict and regulate moisture. They are a perfect fit whether they are worn in hiking boots, running shoes or lace-up shoes. Feet the difference!
